Hello Friends,

I hope this message finds you safe and well. As we continue to recover and rebuild from the impact of Hurricane Helene, I want to take a moment to acknowledge the strength, resilience, and heart of our community. In challenging times like these, creativity, connection, and shared experiences become more important than ever.

It's with that spirit that I welcome you to this year's Fall Studio Tour, taking place here in Mitchell and Yancey Counties. This annual event is a celebration of the talented artists and makers who call our region home — a chance to step inside studios, witness the creative process firsthand, and be inspired by the beauty that surrounds us, even in times of hardship.

Whether you're a lifelong resident or new to the area, a young artist or simply curious, the Toe River Arts Studio Tour offers something for everyone. It's a moment to gather, reflect, and reconnect — with art, with nature, and most importantly, with one another.

We hope you'll join us as we come together to celebrate the power of creativity and community.

Nealy Andrews

Everyone benefits when you support Toe River Arts. Please check the website for more information about becoming a member.
