THERE'S SOMETHING FOR EVERYONE IN *Burnsville!*

There are few small towns that have as much heart and as much to offer as Burnsville, North Carolina – trout-filled streams, wildflower-lined trails, renowned artists, live theater and music, historic inns, unique shops, great food, locally crafted beer, a town square that speaks to a sense of community, and more.

TOE RIVER ARTS
JOURNEY OF THE ARTS
ART OF THE JOURNEY

Dear Friends,

Welcome to the Toe River Arts Fall Studio Tour! We are so glad you're here.

For more than 30 years, the Studio Tour has invited visitors into the studios, galleries, and creative spaces that make Mitchell and Yancey counties such a remarkable place. This fall, more than 70 artists and over 10 galleries are opening their doors to share their work, their stories, and the creative process behind what they make.

As you travel through our mountains this weekend, I encourage you to take your time. Meet the artists. Ask questions. Discover a new favorite place. And, when you can, shop local. Purchasing a piece of art directly supports the artists who live and work here, but your impact can extend even further.

Stop for lunch at a local restaurant, grab a cup of coffee, visit our shops and galleries, stay an extra night, or explore a community you haven't visited before. Every dollar spent locally helps strengthen the small businesses, artists, and neighbors who make this region home.

Our creative community is deeply connected to the vitality of Mitchell and Yancey counties, and your presence here matters. Thank you for choosing to spend your weekend with us, for supporting local artists, and for helping sustain the creative economy of the Toe River Valley.

Enjoy the journey, enjoy the art, and welcome to our community.

Warmly,

Nealy Andrews

For over four decades, with memberships and donations, funding and friends, we have worked to offer programs, activities, and opportunities that engage and enlighten those who stay for a lifetime or only a day.

You do not have to be an artist to join, you just have to care about the arts. Our members care about this land and the people that live here. The arts benefits and enriches our thriving community. Everyone benefits when you support Toe River Arts. Please check the website for more information about becoming a member.

THANK YOU!

Allison Edge: Middle Child

"Middle Child" links artworks spanning over 22 years and is marked by an aesthetic shaped largely by Allison Edge's formative years as part of Generation X, born from 1965 to 1980. This generation, sandwiched between Baby Boomers and Millennials, sometimes experiences "middle child syndrome," a unique position of being the last generation to grow up outside of a digitized, constantly online world that had Lite-Brites and Etch-A-Sketches instead of tablets and MTV instead of YouTube and TikTok. It's this analog aesthetic that remains the core of inspiration for Edge's paintings.

At Toe River Arts, we want art to be part of growing up here.

TOE RIVER ARTS

Our education programs connect young people with the working artists, makers, and musicians who are already part of our community.

At our after-school Art Clubs, middle schoolers have a place to gather, work with local teaching artists, try new materials and most importantly learn to express themselves along the way.

By offering programs such as school residencies, community workshops and exhibitions, we're building an arts ecosystem that supports local artists while giving the next generation a chance to learn from them.

Gift the gift of art. Donate today.

Every donation helps provide art supplies, support teaching artists, and expand equal access to art education.
